EXPERIENCE

Website Coordinator Goriber Gadget	May. 2026 - Present
• Manage the company website, including product updates, content management, and order processing. • Coordinate website operations to ensure smooth and efficient customer experience. • Support online business activities through website management and technical improvements.	
Volunteer Space Innovation Camp	Mar. 2026 - Present
• Support event activities and assist with organizing educational and innovation-focused programs. • Collaborate with team members to ensure smooth execution of events and participant activities.	
Assistant General Secretary (Events) AIUB Computer Club	Aug. 2023 – Aug. 2026
• Assist in planning, organizing, and executing club events and technical programs. • Coordinate with team members and volunteers to ensure successful event operations. • Contribute to student engagement and the overall development of club activities.	

ACADEMIC PROJECTS

Project: Automated Testing Tool – Selenium

Jul. 2026 - Jul. 2026

Built WebDriver test scripts, ran cross-browser tests, and reported defects.

Project: Retail Sales & Profit Analysis

Apr. 2026 - May. 2026

Developed a Python-based sales analysis project using Pandas, NumPy, and Matplotlib to evaluate retail sales, profit trends, and product performance through data visualization.

Project: Project Management Tool – JIRA

Mar. 2026 - Apr. 2026

Managed software development workflows using Jira for task tracking, sprint planning, bug reporting, and team collaboration in Agile-based projects.

Project: To-Do Manager (Desktop App)

Mar. 2026 - Apr. 2026

Developed a Python desktop application for managing tasks with priorities, due dates, and persistent data storage using JSON.

Project: Weather App

Feb. 2026 - Mar. 2026

Developed a real-time weather application displaying temperature, humidity, and weather conditions with auto-location detection.

Computer Graphics Project: The Padma Bridge (2D Model)

Aug. 2025 - Sept. 2025

Designed a 2D computer graphics model showcasing the structural design of Padma Bridge using graphics concepts.

Project: Car Rental System

Jan. 2025 - Feb. 2025

Built a management system for booking, tracking, and handling rental cars, customers, and availability records.

Project: Banking System

Jan. 2025 - Feb. 2025

Created a banking application that manages account creation, deposits, withdrawals, and transaction history using OOP principles.

Project: Super Shop Management System

Aug. 2024 - Sept. 2024

Created a comprehensive system for inventory, billing, and customer management using SQL and C#.

ACADEMIC RESEARCH

Research on **Automated Eye Disease Detection Using Machine Learning Algorithms**

May. 2026 - (Ongoing)

Research on **AI-Assisted Comparative Analysis of Scrum and No-Method Software Development**

Apr. 2026 - (Ongoing)

Research on **Secured Entry Intelligent RFID-Based Door Locking System Ensuring Women's Safety**

Jan. 2026 - June. 2026

CERTIFICATES

- **Completed**, Code to Cloud: Practical DevOps with AWS
- **Volunteer**, BroadBand Expo 2026 (Experience Zone), by ISPAB
- **Organizer**, AIUB Cyber Gaming Fest 2025, by AIUB Computer Club
- **Volunteer**, BIOBUILD Family Day 2025
- **Participant**, University Activation Programme 2025, by ICT Division Bangladesh
- **Participant**, YUNet International Youth Upskill Summit 2025, by YUNet International
- **Volunteer**, vTutor MOS Bangladesh Championship 2025
- **Volunteer**, National STEAM Olympiad 2024
- **Volunteer**, AIUB CS Fest 2024, by AIUB Computer Club
- **Volunteer**, AIUB Programming Contest 2024
- **Completed**, Enhance Your Leadership Session, organized by Rotary Club (Rotaract Club of Ramna)
- **Completed**, Graphic Design Free Workshop 2023, by UY LAB Institute
- **Volunteer**, AIUB Science Poster Contest 2022

COURSE & TRAINING

IT Essentials — CISCO Networking Academy (Issued Feb. 2023)
